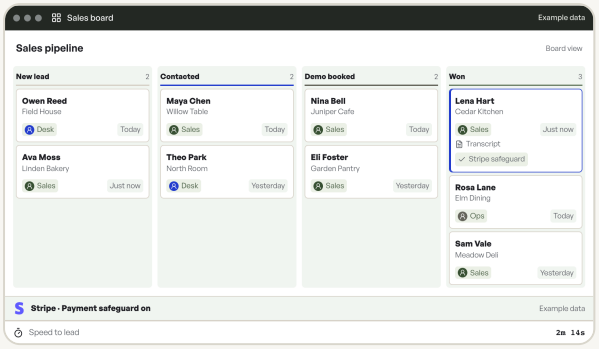
Dhruv Jain

AI implementation consultant · Hong Kong
dhruv@robossist.com · robossist.com/portfolio

I take the repeat work off your team, so they sell more and chase less.

Fewer dropped leads. Less copy and paste. No new hires. For owners and heads of sales or operations whose work runs on email, spreadsheets and chat.

Work in Australia, Dubai and Hong Kong · clients unnamed, recommendations public and named · full text at robossist.com/portfolio



The sales board from the first case, rebuilt with example data: one lead tracked from first call to close, with its call notes, timer and billing safeguard on the card.

Selected Work

Every Lead Tracked From First Call to Close

Sales system · Voice AI startup · Australia · 2026

Every stage move recorded, a speed-to-lead timer, demo-call transcripts on the contact, two-way phone sync and billing safeguards; Claude training for the founders.

✓ The team sees every lead's stage, source and call notes in one place, live since July 2026.

Stop Re-Explaining Your Business in Every AI Chat

Claude rollout · Holiday-homes operator · Dubai · May 2026

A shared Claude plan on every desktop, a shared knowledge folder on four context files, model guidance; two working sessions on their own machines.

✓ Each desk works from the same shared knowledge folder, since May 2026.

Dealers Browse and Hold Stock on Their Own

Dealer app · Watch wholesaler · Hong Kong · Oct to Nov 2026

Fast catalogue with shareable links, dealer sign-up with owner approval, reservations with owner alerts; 424 of 424 automated checks passing at launch.

✓ Live since 18 Nov; outside dealers signed up and approved.

A Private Banker Using AI on His Own Work

1:1 coaching · Hong Kong · early 2026

Hands-on sessions on using AI tools in his own day-to-day work.

✓ Delivered as paid sessions in early 2026.

A Founder on LinkedIn Without Writing a Word

Done-for-you content · Jan to Feb 2026

Posts and AI-made infographics written and scheduled, profile managed; a 30-day pilot that became a retainer.

✓ Account analytics, Dec to Feb window: 579,236 impressions.

Posts From Your Own Notes; a Firm That Runs on Checks

PostUp and my operating system · own products · 2026

PostUp drafts LinkedIn posts from your own notes, and nothing posts without approval; live at getyourpostup.com. My firm runs on agent lanes (Claude, Codex, Grok), each with one owner, written rules and release checks.

✓ PostUp is live; the operating system runs the firm daily.
